# HOW TO LOCATE THE CLIENT ID

INSTALLED ON YOUR PC

Client ID is a six-digit number that is used as a license key to install Tech Tool. Each laptop will have a unique Client ID.

On a laptop with Tech Tool already installed. The Client ID can be found by launching Support Information.

Steps to locate "Support Information"

1. Click Windows **START** menu
2. Scroll down and left click on **Tech Tool** folder
3. Left click on **Support Information** application

Premium|**TechTool**™

The Client ID can be found near the top of the "Support Information" window (see picture for example).
